Who we work with

One Program- Three Business Models

Channel

Ideal for Resellers and Systems Integrators

Organizations looking to resell Zerto Virtual Replication direct to the end user to install and consume the license within their own environment. Channel partners gain access to high-margin financial benefits and a wide range of sales and marketing tools to help meet business goals.

Cloud

Ideal for Cloud and Managed Service Providers

Organizations who are looking to install Zerto within their own datacenter in order to offer replication, migration and recovery to their customers in the form of a service. This includes Disaster Recovery as a Service (DRaaS) and intra-cloud DR use cases and is delivered on a consumption-based model.

Technology

Ideal for Software and Hardware Vendors

Leading IT providers who are looking to accelerate time to value for disaster recovery and business continuity solutions, as well as data mobility and migrations for their prospect and customer base. Technology Partners work with Zerto on a variety of joint initiatives to position and market the full end user solutions stack for enterprise IT.

Zerto is looking for Partners who:

- Focus on the customer and deliver excellent solutions with true value for the end user
- Are knowledgeable and constantly evolving with the market
- Will help to grow mutual business through ongoing sales campaigns and marketing activities
- Connect with other partners and are active in the community, with the intention to bring improved and new solutions to market

Ready to deliver solutions beyond disaster recovery that enhance Resilience for Evolving IT™?
