

Backup and Recovery for Azure Active Directory

Leading protection for your cloud security strategy — Zerto Backup for SaaS, powered by Keepit, for your Azure Active Directory (AD) security strategy helps you recover business-critical identity and application objects that are not protected by Microsoft. Protect against unwanted changes and tackle downtime with continued access to your data.

Why backup Azure AD?

Ensure disaster recovery protection

Strengthen security

Improve IT efficiency

Protect against day-to-day data loss

Your dedicated security strategy for Azure AD

Zerto Backup for SaaS for Azure is a dedicated and immutable cloud backup solution that extends your ability to recover objects and policies when accidents happen. Zerto Backup for SaaS offers Azure AD Standard as a complimentary service with a SaaS application purchase.

#1 Coverage to support your security strategy

Zerto Backup for SaaS for Azure AD is a simple, yet powerful application to protect your Azure AD infrastructure from accidental deletions and ransomware. The coverage includes:

Users

Groups

Roles

Admin Units

Audit Logs

Why companies globally trust us

Customers around the world have made Zerto their preferred choice to protect their data against data loss and downtime. Here's why they trust Zerto to keep their data safe:

Business Continuity

Preserve access to essential data and continue business operations with clean copies of your data

Instant Recovery

Find what you need quickly and restore individual records or entire application datasets in a few clicks

Leading Security

Prevent attackers from manipulating your backups and minimize the risk of data breach with reliable security

Cost-Effectiveness

Never worry about overage costs or hidden surprises with simple and transparent pricing that saves you money

Outstanding Simplicity

Minimize deployment efforts and significantly reduce admin time with a simple platform made to improve efficiencies

Zerto Backup for SaaS is the world's only independent cloud dedicated to SaaS data protection

You only need Zerto to cover all your key SaaS applications, including Microsoft 365, Salesforce, Azure AD, Dynamics 365, Google Workspace, and Zendesk. Zerto is trusted by thousands of companies worldwide to protect and manage their cloud data. Email us at info@zerto.com.

About Zerto

Zerto, a Hewlett Packard Enterprise company, empowers customers to run an always-on business by simplifying the protection, recovery, and mobility of on-premises and cloud applications. Zerto eliminates the risk and complexity of modernization and cloud adoption across private, public, and hybrid deployments. The simple, software-only solution uses continuous data protection at scale to solve for ransomware resilience, disaster recovery, and multi-cloud mobility. Zerto is trusted by over 9,500 customers globally and is powering offerings for Amazon, Google, IBM, Microsoft, and Oracle and more than 350 managed service providers. www.zerto.com
