

Zerto Backup and Recovery for Microsoft Power BI

Powered by Keepit

How do you protect your Microsoft Power Platform business solutions?

Your team has created reports, automation, and apps for agility and efficiency within your organization. Now it's time to be confident that your organization can bounce back quickly when the data disappears due to user error, bad actors, or an outage. Protect your critical data from any type of disruption.

Easily protect your data-driven business solutions—starting with Power BI protection.

Microsoft doesn't provide native backup options for key data in Power BI. Protect the insights, apps, and automation that drive your business against data loss and downtime with Zerto's secure, simple, and fast backup and recovery for Power BI.

Why backup Microsoft Power BI?

Secure your Power BI data with Zerto's immutable cloud to avoid data loss and downtime.

Recover data in minutes to improve IT and data scientist efficiency.

Stay compliant with internal and external business continuity, cybersecurity, and compliance controls.

Secure Your Power BI Data

Microsoft offers no native backup options for reports, workspaces, or datasets in Power BI. Avoid losing data from accidental deletions or alterations, malicious deletion, file corruption, or loss of items or data that are required for compliance reasons.

Comprehensive Coverage of Power BI Shared Workspaces

Zerto gives you extensive coverage when backing up your Microsoft Power BI data. Across the service, web app, and desktop app, the backup solution for Power BI Shared Workspaces covers:

UNDERLYING DATA*

DATASETS*

DATAFLOWS

REPORTS*

[*limitations](#)

Get Your Power BI Data Back in a Snap

Specifically designed for admins, Zerto makes manual restore processes a thing of the past. With ultra-fast smart search and restore features, you can restore multiple terabytes a day and get your Power BI data back into its original location, along with original metadata and relationships.

Our Restore Capabilities

In-Place restore

Get data back to where it originally resided.

Download

Download individual data objects or complete folders.

Shareable Links

Provide users with a secure link to their data.

Why Companies Globally Trust Us

Customers around the world have made Zerto their preferred choice to protect their data against data loss and downtime. Here's why they trust Zerto to keep their data safe:

Business Continuity

Preserve access to essential data and continue business operations with clean copies of your data.

Instant Recovery

Find what you need quickly and restore individual records or entire application datasets in a few clicks.

Leading Security

Prevent attackers from manipulating your backups and minimize the risk of data breach with reliable security.

Cost-Effectiveness

Never worry about overage costs or hidden surprises with simple and transparent pricing that saves you money.

Outstanding Simplicity

Minimize deployment efforts and significantly reduce admin time with a simple platform made to improve efficiencies.

Zerto Backup for SaaS is an independent cloud dedicated to SaaS data protection. About Zerto

Zerto, a Hewlett Packard Enterprise company, empowers customers to run an always-on business by simplifying the protection, recovery, and mobility of on-premises and cloud applications. Zerto eliminates the risk and complexity of modernization and cloud adoption across private, public, and hybrid deployments. The simple, software-only solution uses continuous data protection at scale to solve for ransomware resilience, disaster recovery, and multi-cloud mobility. Zerto is trusted by over 9,500 customers globally and is powering offerings for Amazon, Google, IBM, Microsoft, and Oracle and more than 350 managed service providers. www.zerto.com
